Wilmington Health Pilot Webinar for HBRs

As a reminder, the State Health Plan (Plan) continues to partner with Wilmington Health and Castlight to deliver a pilot program that focuses on an integrated solution within primary care. The pilot supports the goal of the [Clear Pricing Project](#) (CPP) by providing quality, transparent and affordable health care through primary care coordination and a new health care navigation platform.

The State Health Plan and Castlight will be offering a webinar to give HBRs in this area an update on how things are going, what's new with Castlight, and offer the opportunity for HBRs to ask questions. Thank you for joining us and your continued support of this initiative.

The webinar will be held April 30 at 1 p.m.
