Attention State Health Plan Members: Open Enrollment Has Started!

All State Health Plan active members and non-Medicare retirees will be automatically enrolled in the 70/30 PPO Plan for the 2022 benefit year. Active members can reduce their premium in either plan by completing the tobacco attestation online during Open Enrollment.

The 70/30 PPO Plan remains premium free for eligible retirees. **Retirees who wish to enroll in the 80/20 PPO Plan** or who wish to reduce their monthly premium by completing the tobacco attestation will need to **TAKE ACTION** during Open Enrollment, which ends Oct. 29, 2021.

Important Highlights about Your 2022 Benefits

- **No premium increases** for the 4th year in a row!
- There are no significant benefit changes for 2022. The formulary (drug list), which determines what medications are covered and what tier they fall under, changes on a quarterly

basis, so there is a possibility that you will have changes in your prescription coverage in 2022.

- Members who select a Clear Pricing Project Provider as their Primary Care Provider **will continue to enjoy a \$0 copay!**
- Members will continue to **enjoy a reduced copay** when visiting a Clear Pricing Project Specialist!
- Preferred and non-preferred insulin continues to have a **\$0 copay** for a 30-day supply!
- Preventive Services remain covered at **100%** – no copay or deductible – on either plan!

Members are invited to attend an upcoming webinar to learn more about Open Enrollment. Visit the Plan's website at www.shpnc.org to register.
